

PENN STATE'S Quality and Manufacturing Management (QMM) Program seeks individuals for part-time teaching positions for Fall 2009 and future semesters. Applicants should be interested in co-teaching an engineering/business course in new product development and/or teaching introduction to engineering. Applicants should be familiar with engineering design, computer-aided engineering, materials and manufacturing processes, plant layout, quality methods and risk analysis. An undergraduate degree in engineering, a Master's degree and manufacturing experience are required. For more information contact the QMM Program Office at 814-863-5802 or e-mail ckb2@psu.edu and put "Job Posting" in the subject. To apply, submit a letter of application and resume to Dr. Bob Voigt, QMM Program Job Posting, 344 Leonhard Building, University Park, PA 16802. Applications will be reviewed starting Wednesday, July 22, 2009 and continue until the position is filled. Penn State is committed to affirmative action, equal opportunity, and the diversity of its workforce.
